Resident Preconstruction Notification

October 13th, 2021

Dear Passaic Residents:

As part of the upcoming Passaic Valley Water Commission Water Main Replacement Project this notice is to inform you beginning October 18th, 2021, weather permitting William J. Guarini Inc. will be undertaking construction on the following roadway.

- Speer Avenue from Willet Street to Alfred Street

We anticipate this project taking approximately 4 to 6 weeks to complete. Residents will be notified in advance of any temporary water service interruptions or if access to their driveways will be limited, but your water service will be on a temporary bypass line. Construction noise and temporary traffic delays can be expected during regular work hours, 7:00 a.m.- 4 p.m. Monday-Friday. Throughout this time, traffic control personnel will be on site to assist traffic through the construction zone. We ask that you do not park on either side of the road during construction, to allow work to proceed and that you keep yourself safe by minding construction materials.

Should you have any questions or concerns, please do not hesitate to give us a call.

We apologize for the inconvenience caused and thank you for your patience and consideration during this time.

Regards,
Joyce Trygar
